

2021 Recycled Content Estimates

This document contains information pertaining to Bonnell Aluminum’s (“**Bonnell**”) recycled content of its aluminum extruded products (“**Products**”).

Disclosure:

The information contained in this document is for general information purposes only. While **Bonnell** endeavors to keep the information up to date and correct, we make no representation, warranty, or guarantee of accuracy or completeness. As recycled content may vary over time based on new guidelines, operating conditions, suppliers, and aluminum scrap availability, so will the recycled content of the **Products**. As a result, while **Bonnell** has taken reasonable care in producing the below estimates, any reliance a third-party places on such information is strictly at its own risk. This document may be subject to change at any time without notice.
